

PRESS RELEASE

24-06-2018

### **Mouir Bendouch pitched during the PortXL 2018 Shakedown event**

Bunker Connect successfully completed the PortXL 100-day mentorship-driven accelerator program.

We increased tremendously our network during the three months, leading to many potential leads. We will share more exciting news very soon, in the meantime check out our presentation given during the PortXL Shakedown event by our founder Mounir Bendouch. A three and half minute pitch, telling your exactly what we are all about.

*We believe that you should be in charge, and that's why we created Bunker Connect, an online platform where anyone can order fuels at any time of the day in 2,000 ports around the world. Directly from the suppliers.*

- *Mounir Bendouch*

We would like to thank the entire PortXL organization and especially Mare Straetmans and Carolien Vatsandee. A big shout out to our mentors Niels de Goffau (Boskalis) and Donald Baan (Port of Rotterdam)!

Our Bunker Connect stand drew attention to many visitors during the event. Are you curious what we can do for your company? Get in touch with us and we will show you.

About Bunker Connect:

Bunker Connect, established in 2016, connecting bunker buyers directly with physical suppliers around the world.
